ASSESSORS.

Assessors should commence their work as soon after July 1st as possible; but should first take the required oath, a copy of which must be sent to the Minister of Finance, as no assessor can receive pay for his services until this is done. Forms for assessment lists should be presented to property holders to be filled and sworn to. Assessors should call upon persons to ascertain the amount of taxes each is liable to pay; and must give public notice by written or printed advertisements to the inhabitants to meet him at convenient points in the district for that purpose during the month of July. If any person shall fail to give the assessor his sworn list of property, liable to taxation, or to give information of the same before the first day of August, the assessor will make the assessment up from the best information he can obtain, and the same shall be binding on all parties and shall not be subject to appeal. Assessors should, on or before the 1st day of September, give written notices to all owner of real estate in their district who are non-residents of the district and within this Kingdom, describing the property assessed and the proposed valuation.

All returns by tax-payers must be sworn to.

Assessors should fill out all the columns on the left hand pages only and must foot all the columns, except the first and second,

and prove the footings, in order to avoid mistakes. When the pages are all footed and proved they must recapitulate the footings by pages, writing only on left hand pages. When the books are completed they must, before passing them to the Governor, take and subscribe before a Police or District Justice, an oath, to be written on the first page of each book stating that, "This Book is the Assessment Book for the District of in the Island of for the year 188 ." Assessors should use every means in their power to ascertain the values of property, noting improvements made since last assessment, and not follow the book of the year before, too closely.

Each assessor must attend on at least six days between the first and fifteenth days of September, at some convenient place or places in his district, between the hours of nine o'clock in the forenoon and four o'clock in the afternoon with his tax list, which tax list shall, during such times, be open for the inspection of all persons liable to taxation in the district, without fee or reward.

Each assessor must give written or printed public notice to be affixed in at least four conspicuous places in his district of the time and place at which his tax list shall be open for inspection as provided in the last preceding section.

Any person whose name may appear on such tax list and who shall have made his returns to the assessor as hereinbefore provided, and if entitled to exemption shall have claimed such exemption, and who may deem himself aggrieved by any excess made by the assessor in the valuation of the property as returned or in the amount or character thereof, or whereby the amount payable by such a person is increased beyond the amount which would be payable by him according to such return, or whose claim for exemption shall not have been allowed, may appeal from such assessment on lodging with the tax assessor on or before the 1st day of October, a notice in writing, stating his grounds of objection to his assessment, or to such portion thereof as the objection applies to, and depositing therewith a sum for cost of appeal as follows:

Where the exception or reduction claimed from the tax list shall amount to two dollars or under, twenty-five cents for costs; over two dollars and under five dollars, fifty cents costs; over five dollars and under ten dollars, one dollar costs; and so on for every additional five or part of five dollars tax, fifty cents additional costs.

On receiving the amount of costs the tax assessor shall grant to the persons, appealing a certificate in the form hereinafter appearing, to be furnished to the assessor in blank by the Minister of Finance:

This is to certify that..... of this district is assessed for the year as follows: Property tax value real value personal amount dog tax poll; school and road tax,

That..... disputes and that I have received on deposit the sum of dollars for the costs of this appeal.

Tax Assessor

..... District

Each tax assessor shall on receiving any notice of objection forward the same to the President of the Board of Appeals of his district.

TAX COLLECTORS.

Tax collectors should commence their work as soon after the 1st day of November as possible, first filing with the Governor a bond with two sureties to the Minister of Finance, in a sum equal to the amount of taxes to be collected by them, as shown by the assessment list. The tax collector should add to his list any person or property in his district not included in his list, liable to assessment, and collect the taxes upon the same entering them in a separate part of his book as, "Taxes not Assessed." They should be careful to note all persons qualified to vote in the proper columns, and should carefully fill all columns re-

quiring to be filled, on the right hand pages only. They will deliver to each person paying the dog tax a tag, charging ten cents for the same, entering the number of the tag and amount received.

Each tax collector shall give public notice by advertisement in at least two newspapers, and by posting the same in at least three conspicuous places in his district, notifying the tax-payers to pay to him their annual taxes at such place or places in the district, and at such a time or times during the months of November and December, not being later than the fifteenth day of December, as such notice shall appoint, and it shall be the duty of such tax collectors to attend at the times and places specified for the purpose of receiving such taxes. And each tax-payer shall pay all taxes due by him to the collector on or before the fifteenth day of December, without any further notification or demand.

If any tax-payer shall fail or neglect to pay his taxes to the tax collector on or before the fifteenth day of December the tax collector may levy the same by distress upon so much of the goods and chattels of such person as he may deem sufficient for the payment of the taxes due and expenses of collection; and sell the same upon the order of a District or Police Magistrate, after a public notice of five days. Or the collector may sue for the amount of taxes in his own name, on behalf of the Hawaiian Government, with ten per cent added thereto in any District or Police Court, notwithstanding the amount claimed, and execution may issue therefore the same as in ordinary civil suits. Provided that no property not especially exempt from taxation shall be exempted from levy and sale under such execution. And provided also that in case of personal taxes, if no property can be found whereon to levy, the defendant, if able bodied, may, by sentence of said judge or magistrate, be imprisoned at hard labor, until he discharge the amount of his tax and costs at the rate of twenty-five cents per day.

The collector shall keep all goods distrained at the expense of the owner, until the day of sale ordered by the District Judge or Police Magistrate, unless a bond be given for the production of the same at the time required by such order. Such sale shall be at public auction, and any overplus remaining after paying the taxes assessed and the costs of collection, as allowed by said judge or magistrate, shall be returned to the owner of the property with an account of said sale, and the costs and charges thereof, if demanded.

In case where, after using due diligence taxes cannot be collected, the Tax Collector must file with the Governor a sworn list containing names and places of residence so far as can be ascertained, and amount due by each person. Tax Collectors must, on or before the last day of December, in the year preceding an election for representatives, make out a list of persons qualified to vote and pass the same to the inspectors of election.

When the collection is finished the Tax Collector must carefully add all the columns on each page, proving the correctness of each and recapitulate the footings by pages, on the right hand pages only.

The footings of the column of "Auhau Kula" will show the amount of taxes to be paid to the School Treasurer of the district, from whom a receipt in duplicate should be taken, one of which should be sent to the President of the Board of Education. On filing with the School Treasurer an oath taken before a magistrate that the amount of school tax entered in his book is all that he has been able to collect, and a sworn list containing the names of persons from whom he has been unable to collect the tax, with their place of residence so far as may be known; the School Treasurer will pay the commission allowed by law on the amount. The footings of the column "Houluulu o na Auhau Mau" will show the amount to be paid to the Minister of Finance, and upon filing with the Governor a like oath and list, the Minister of Finance will pay the commission allowed by law on the amount on the certificate of the Governor.

The Collector's book should be in the hands of the Governor on or before the last day of December.
